

The average person generates over 4 pounds of trash every day and about 1.5 tons of solid waste per year. **Americans** make more than 200 million tons of garbage each year, enough to fill Busch Stadium from top to bottom twice a day.

Alexandra Reese & Zoë Vint

Investigating: Goal

Our goal during this project was to help our school recycle. We wanted to do this because we saw the amount of bottles being thrown away, and wanted to help Avery Trace be a better place in the environment.

Planning: research

We researched what other schools had done things like our project. We also researched, and called Pepsi company to ask if they would help with the reciprocals. We did that because they are the vendors for Avery Trace.

Taking action: Plan

We saw the amount of plastic bottles being thrown away, and we wanted to change that. We called the Pepsi to ask if they were able to donate, or we could hold a fundraiser to purchase the reciprocals. They were kind enough to donate the reciprocals. Our plan did change from beginning to end.

RECYCLE Pepsi Graphic

Reflecting: Our Reflection

While doing our project we, learned that our community didn't have a recycling system. We decided that something needed to be done. When doing this project we learned about teamwork and communication. We each gained a new best friend in the process. We needed help from Pepsi to complete our project. We learned that if you need help, never be afraid to ask because you might just make a difference.

my favorite food is...

1. food waste
 2. styrofoam
 3. foil
 4. food wrappers.
 5. ceramics
 6. batteries
 7. cleaning products
- etc.....

My favorite food is...

1. paper
 2. cans
 3. plastic
 4. glass
 5. metal
 6. cartons
 7. card board
- etc.....

Reduce

Use less... buy less... avoid waste... turn off lights...
take shorter showers ... Carpool !!

Reuse

Use things more than once... Use cloth shopping
bags... repair... regift... try travel mugs... compost!!

Recycle

Separate waste materials so that
the recyclable products can be
transformed into something

NEW!! ♡♡

REduce

Have You?

I'm Full of GarBage! ↗

We would like to thank: Mr. Meihls Mrs.
Etheredge, and finally Mrs. Drummond for all
of the help and patients they have had with
us. No matter how big the job was they never
turned us away.

Thank You!!
